

Is your school *AI-ready*?

Since 1 September 2026, Keeping Children Safe in Education names AI chatbots as a contact risk and covers AI-generated images and deepfakes. Work through these eight steps with your SLT.

		Done	In progress	To do
1	Update your safeguarding and online safety policies to name AI chatbots, companion apps and AI-generated images.	☐	☐	☐
2	Add AI risks to staff safeguarding training this year, and keep a record of who attended.	☐	☐	☐
3	Agree how you'll respond to AI-generated or altered images of pupils, in line with your nudes and semi-nudes procedures.	☐	☐	☐
4	Include AI tools in your annual filtering and monitoring review.	☐	☐	☐
5	Check which AI tools staff use, and set clear rules about pupil data.	☐	☐	☐
6	Teach pupils, age-appropriately, how chatbots work, that they aren't real friends, and who to tell.	☐	☐	☐
7	Cover deepfakes and misinformation in your online safety curriculum.	☐	☐	☐
8	Give parents simple guidance on AI at home.	☐	☐	☐
